1. NATO Nations, Australia, Austria, Ireland, New Zealand and Switzerland are kindly informed that the second iteration of the ATNOC in 2025, at the C-IED Centre of Excellence in Spain, will be conducted **17 November to 28 November 2025**.

Course Code (ETOC) : IED-ED-22069

2. The aim of the ATNOC is to provide Attack the Networks (AtN) related situational awareness with a multidisciplinary and cross-functional understanding of C-IED. Emphasis lays on knowledge and skills to integrate and synchronize the C-IED approach across other headquarters (HQ) processes and disciplines. In four learning blocks composed of understanding the threat environment, human networks, engagement and assessment, the students will learn how to identify and analyze human networks through knowledge and understanding of the situation, to derive recommendations with lethal and non-lethal ways and for the use of military and non-military capabilities to engage all kinds of networks and to assess on the engagement effects in order to mitigate the IED threat in an operational environment.
